Gentlemen:

Recent discussions have indicated a need for additional telephone services which it is requested that you furnish at Edwards Air Force Base and charge to Contract No. SP-1915.

These are as follows:

1. Installation of an exchange telephone for unlimited calls. The cost of this instrument is estimated to be \$7.00 for installation plus \$4.84 per month for local calls with toll calls extra.
2. Installation of an accessory to the proposed phone known as a "talk-a-phone" which can be used for group conferences. The charge for this item is estimated to be \$4.50 per month rental plus \$20.00 installation fee.

Very truly yours,

25X1
